19 YEARS OLD

FRONT-END DEVELOPER

CAREER OBJECTIVE

I am an undergraduate who wants to gain necessary corporate exposure as an intern so that it will help me in building my career by joining your organization.

WORK EXPERIENCE

- **ClixzYou International LLP - *Internship***   *1 Feb, 2022 - 31 March, 2022*
  Ghaziabad

  Worked as a Frontend Intern with E-Gurukul as our client. Also got an opportunity to build registration page for a contest(Original Song League) which is an online singing competition held all over India.

  ### PROJECTS

  - **OSL(Original Song League) PAGE**   *~ Project Link*

    I made a landing page for this online singing contest using HTML, CSS and Canva, which contains all the information about the contest. Also, It provide a link for registration too.

  - **APPLICATION UI**   *~ Project Link*

    I made an UI for a construction material selling application using FIGMA.

  - **E-MAILERS**   *~ Project Link*

    I made 2 E-Mailers for our client, E-Gurukul which contains information about their courses using HTML and CSS.
